

Canadian Neuro-ophthalmology Society Société canadienne de la neuro-ophthalmologie

Objectives - Objectifs

Participants can increase

- knowledge of the diagnostic approach to and management of paroxysmal diplopia
- knowledge of the differential diagnosis of visual field defects
- knowledge of the management of papilledema and intracranial hypertension

Les participants pourront accroître :

- la connaissance de l'approche diagnostique et du traitement de la diplopie paroxysmale,
- la connaissance du diagnostic différentiel des défauts du champ visuel,
- la connaissance de la gestion de l'œdème papillaire de stase et de l'hypertension intracrânienne.

Thursday, June 12 | 1030–1200 | Frontenac C
Jeudi 12 juin

Guest - Invité

Gordon T. Plant, MD

Moderators - Animateurs

Janette I. Lindley / Duncan P. Anderson / Jason J.S. Barton
