ARVO-AFER/Merck 2011 Innovative Ophthalmology Research Award (IORA)

Merck Sharp & Dohme, a subsidiary of Merck and Co., Inc., the Association for Research in Vision and Ophthalmology (ARVO), and the ARVO Foundation for Eye Research (AFER) are pleased to continue this series of biennial awards that honor young scientists for innovative contributions to research in ophthalmology and visual science.

Applications for the ARVO-AFER/Merck 2011 Innovative Ophthalmology Research Award are being accepted 15 January - 31 August 2010.

2011 topics:

- Stem cell applications to ophthalmic disease
- Immunology and its applications to ophthalmic disease

To be eligible, research must be described in a peer-reviewed journal and published 1 January 2009 - 31 August 2010.

2011 award recipients will be announced at the ARVO Annual Meeting in Fort Lauderdale, Florida, USA, 1-5 May 2011.
