

Ophthalmologists

LASIK MD, Canada's leading provider of laser vision correction, and recently named one of **Canada's 50 Best Managed Companies**, is seeking ophthalmologists interested in performing refractive surgery on part time or full time basis.

There are currently positions available in Ontario, Saskatchewan, Alberta and British Columbia.

LASIK MD has enjoyed strong, consistent growth since it was formed in 2001, having performed over **450,000 LASIK procedures**. All clinics are physician owned and operated, with experienced refractive surgeons working in each location. There are over 35 Canadian ophthalmologists performing refractive surgery at one of 21 LASIK MD facilities in 9 provinces across the country.

LASIK MD provides in-house training (observership and proctorship) with experienced surgeons. These surgeons provide support and are available to discuss and review cases on a daily basis. A National MD Conference is held at the same time and city as the COS Annual Meeting and is a benefit available for all surgeons to attend.

LASIK MD provides an attractive compensation package, including an opportunity for equity investment (partnership), as well as work in a privately managed surgical environment.

Applicants should submit their resume to Genevieve Pilon, Director of Human Resources at gpilon@lasikmd.com or by fax to (514) 904-1199. Ms. Pilon can also be reached at (514) 908-9888 extension: 2220.
