Pediatric Ophthalmologist/Assistant Professor

The Department of Ophthalmology at the Faculty of Medicine and Dentistry, University of Alberta and Alberta Health Services are recruiting a tenure track Assistant Professor to practice as a pediatric ophthalmologist within the Stollery Children's Hospital and as an adult strabismus surgeon at the Royal Alexandra Hospital Regional Eye Centre. The successful candidate will be responsible for the medical and surgical management of a full range of pediatric ophthalmic disorders and will be expected to teach and do research in an academic environment.

The Department of Ophthalmology is internationally known for its research in ocular genetics, visual electrophysiology and tele-ophthalmology. The Faculty of Medicine and Dentistry and Alberta Health Services represent one of Canada's leading academic health sciences centres, recognized nationally and internationally for combined leadership in research, education and clinical service. Details

about the University of Alberta, Faculty, Alberta Health Services and Edmonton can be found on the Faculty's Home Page at www.med.ualberta.ca.

An academic appointment will be provided commensurate with level of experience. Candidates who have completed a fellowship in Pediatric Ophthalmology will be given hiring preference. Qualified candidates should send a letter of interest outlining their clinical and research interests, a curriculum vitae and contact information of three professional references to:

**Dr. Brad Hinz, Chair
