

Dear COS Member:

We are inviting you to participate in a short survey that was developed by a joint Task Force with representatives from the Canadian Medical Association (CMA), Canadian Ophthalmological Society (COS), International Joint Commission on Allied Health Personnel in Ophthalmology (IJCAHPO/JCAHPO), and the Canadian Society of Ophthalmic Medical Personnel (CSOMP). This Task Force is addressing the current need of ophthalmic medical personnel and training programs in Canada. With your participation in this survey, the results will give us a better understanding of the ophthalmologist's needs for a trained staff.

This survey asks questions about your staffing needs, and also questions related to certification and continuing education for ophthalmic medical personnel. All of your answers are confidential and there are no risks to you or to your privacy if you decide to complete this survey.

Below is the link to take this short ten minute survey. Link to survey:

Sincerely,

Sherif El-Defrawy, MD  
Task Force Chair
